INCLUSION ISN'T A PRIVILEGE. IT'S A RIGHT.

PEOPLE WITH SPECIAL NEEDS

- **Converts impaired speech into clear text**
- **Speaks aloud on your behalf**
- **Generates visual communication cards**
- **Simplifies documents for your cognitive level**
- **Customizable background colors**
- **Adjustable font size**
- **Provides a digital sign language interpreter in multiple languages**

THE ELDERLY

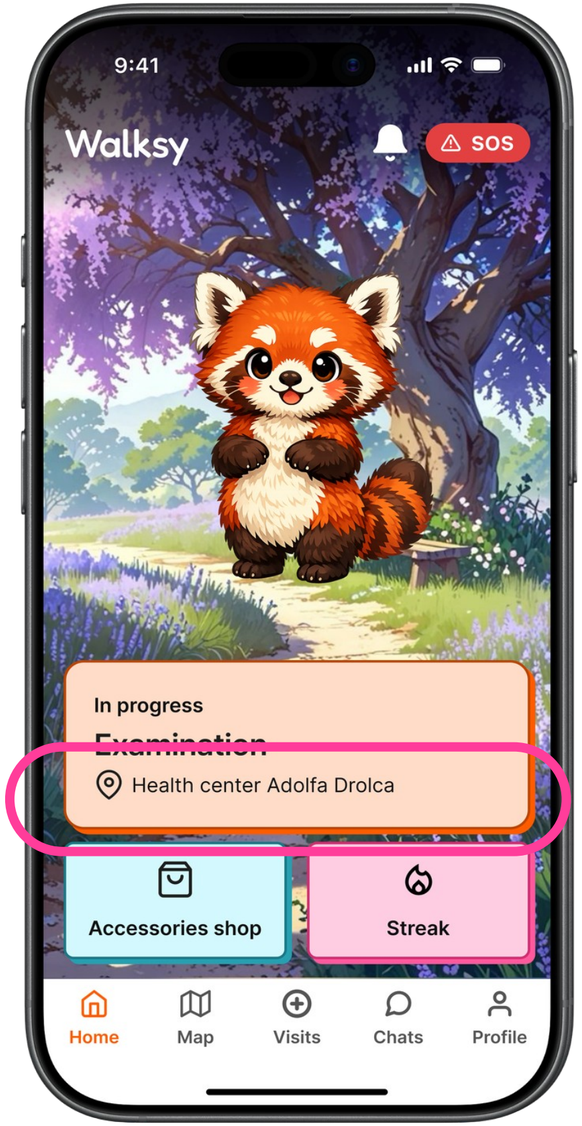
- **Turns every errand into a real-time guided checklist**
- **Voice input for hands-free navigation**
- **Plain-language document explanations**
- **Automatic post-visit summaries**
- **Automatic reminders**

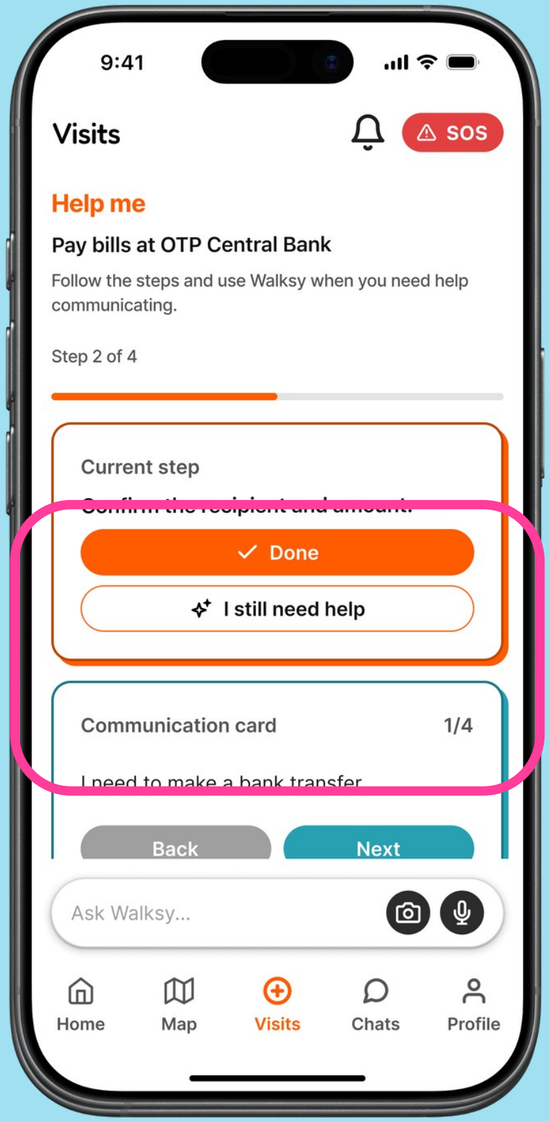
FOREIGNERS

- **Live two-way translation with service staff**
- **Pre-generated key phrases in the user's native language**
- **Step-by-step explanations of unfamiliar local procedures**

BEFORE

- I prepare a list of everything you need ✓
- I explain how the errand will go, step by step ✓
- I show you the way, tailored to you ✓
- I let you explore the space before you go ✓
- I set reminders so you never miss a deadline ✓
- And most importantly — I notify the institution before you arrive, so communication goes smoother ✓

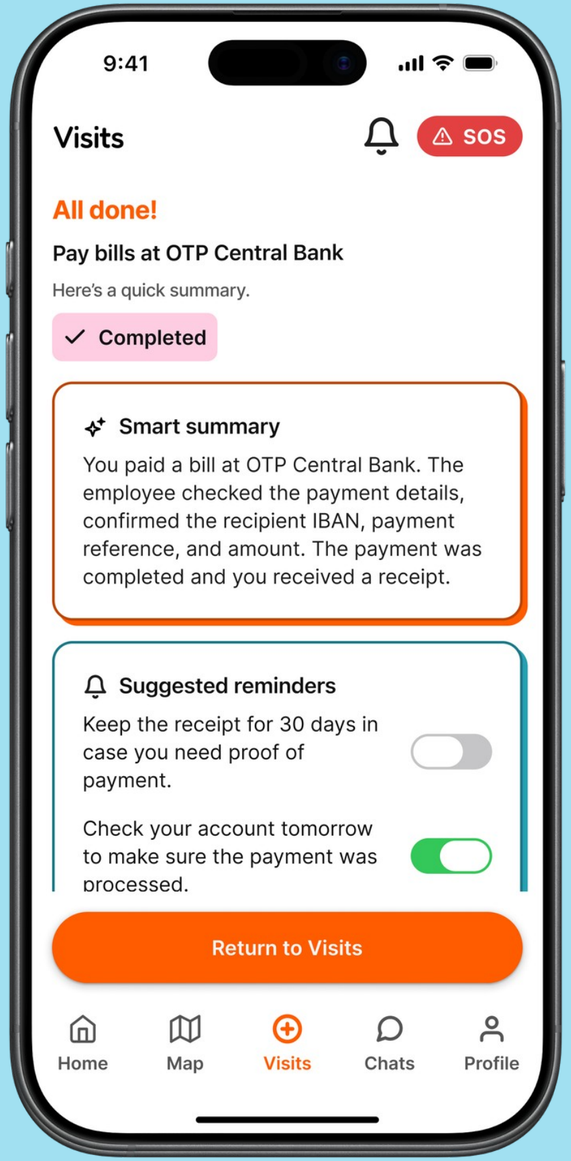




DURING

I'm with you every step of the way.

- **Communication cards**
- **Real-time translation**
- **Document explanation**
- **Sign language support**



AFTER

- I create a summary of the visit
- I prepare the next steps
- I set new reminders
- I let you rate your experience
